

HIMANSHU SONI

Software Engineer

@ er.hsoni92@gmail.com (+91)7382978592 Hyderabad, Telangana,India hsoni92.github.io github.com/hsoni92

Driven Lead UI Developer with **6.7 years** of experience, committed to crafting impactful, user-focused products with expert-level precision.

EXPERIENCE

Senior Software Engineer

One Convergence

March 2021 – Present Hyderabad, Telangana, India

- Leading UI development for Dkubex and driving UI initiatives for a global leader in enterprise cloud solutions. Overseeing planning, development, integration, and testing of UI projects, while also managing and maintaining automation test suites.

Software Engineer

One Convergence

August 2018 – March 2021 Hyderabad, Telangana, India

Full Stack Developer

Freelancing

Mar 2013 – May 2018 New Delhi/Hyderabad, India

- Prior to completing my education, I have worked on a multitude of web based projects for a range of clients providing UX (Photo-shop, Illustrator, XD), Architecture and Development (ReactJS, PHP, HTML, CSS/LESS, jQuery, Responsive Layouts).

PROJECTS

- UI Lead Developer - Cloud Networking**
Leading the development of innovative user interfaces for a cutting-edge cloud networking product. Spearheading UI workflows for a groundbreaking enterprise solution in the cloud space, focusing on Networking and Virtualization workflows built with ReactJS, BackboneJS, and NodeJS. | 2019 - Present
- Automation for UI/Windows/REST API**
Automation using python-selenium, python based propriety framework and Windows Powershell | Nov. 2018 - Oct. 2019
- UI Lead Developer - Dkubex**
Leading UI development for Dkubex, an innovative AI platform enabling seamless fine-tuning and deployment of open-source LLMs at scale. The platform empowers organizations to optimize and serve AI models, providing data scientists with advanced tools to manage datasets and models efficiently in real-time. Built with ReactJS, Dkubex integrates cutting-edge deep learning capabilities to streamline workflows for next-gen AI applications. ReactJS | Feb. 2024 - Present
- Full-Stack Developer - AI-Powered Mock Test Platform (Self Indulged Project)**
AI-driven mock test platform for students and organizations, powered by Google Gemini AI and LangChain. Architected with microservices, I handle both frontend and backend, delivering scalable, personalized test experiences and real-time analytics to optimize learning outcomes. | Apr. 2024 - Present
- Automated Compute Infrastructure for Organizations using OpenStack**
A WebApp built on top of OpenStack using python and shell as a middleware. Built with PHP, JQuery and python-openstack-sdk | Jan. 2018 - Jun. 2018

CORE COMPETENCIES

- UI Leadership:** Lead and mentor teams in the design and development of intuitive, responsive user interfaces across web platforms.
- UI/UX Design:** Expertise in Figma for creating wireframes, prototypes, and high-fidelity UI designs to deliver seamless, user-centered experiences.
- Full-Stack Development:** Proficient in ReactJS, Node.js, and microservices architecture to build scalable, high-performance applications end-to-end.
- Project Management:** Skilled in project planning, coordinating cross-functional teams, setting priorities, and ensuring timely delivery of high-quality products.
- Mentoring & Team Development:** Actively mentor junior developers, providing guidance on best practices in UI/UX design, full-stack development, and team collaboration.
- Testing & Automation:** Experienced in API integration, unit testing (Jest/Enzyme), and automation testing using tools like Selenium and Python.

SKILLS

Next.js/ReactJS, Node.js
SASS/LESS, PHP, Python
Generative AI, LangChain
Adobe XD, Figma
Jest/Enzyme, Selenium, Playwright
AWS, Docker, Shell Scripting

CERTIFICATIONS

- Hacker Rank - JavaScript • [Credentials](#)
- Hacker Rank - React JS • [Credentials](#)
- AWS for Developers • [Credentials](#)
- Kubernetes • [Credentials](#)
- UX Design with Adobe XD • [Credentials](#)

EDUCATION

Master of Computer Applications

University of Hdyderabad

May 2015 – May 2018

B.Sc Computer Science

University of Delhi

May 2011 – Mar 2014

- Qualified UGC NET 2017
- Secured 10 CGPA in MCA Final Project at SCIS, University of Hyderabad
- Team Leader for Semi Finalist Team, Smart India Hackathon. Organized by Govt. of India
